13thirty Cancer Connect Mission: The mission of 13thirty Cancer Connect is to help adolescents and young adults (AYAs) impacted by cancer live their very best lives – today!

- Our resources help AYAs enhance their coping skills and self-esteem by building satisfying peer connections, learning to self-advocate and developing effective self-management tools for long-term health.
- A comprehensive continuum of support (from diagnosis and treatment to healthy survivorship or if necessary, end-of-life) helps AYAs with cancer successfully transition through each stage of their cancer experience.
- We advocate strongly for improved delivery of medical and educational services through clinician education initiatives and outreach to schools and universities.
- With our strategic partners, we work to increase access to age-appropriate care for all AYA patients and survivors with concentrated focus on improving survivorship (early detection, health maintenance and follow-up care).

Associate Board Mission: The mission of the 13thirty Associate Board is to heighten awareness of adolescent and young adult cancer, organize philanthropic initiatives, participate in community outreach, and provide volunteer service.
